Assignment 2   Name_____

1. Your target for this assignment is to share a video on your website and allow user to send feedback to you.
2. Here are specifications for this assignment.

Changes on file "index.html"

☐   In the assignment section of your index.html document, create a link which links to document "ContactMe.html".

New web document with name "ContactMe.html"

☐   Contains an embedded video in your website. You might create a video about yourself (preferred) or use videos on Youtube. However, the content of the video should be **appropriate**.

☐   Create a simple form which collects user information. Name of the form is "feedback". Your form contains:

o   User's first name, with placeholder "anonymous " , name "fname" and attribute " required"

o   User's last name,   with placeholder "anonymous ", name "lname" and attribute "required"

o   An email input element for user's email address, with placeholder name@domain.com and name "mail"

o   Radio buttons that let the users choose whether they are going to recommend this website : yes or no

o   Selection box that include user's favorite website such as: Google, Facebook, Twitter, Time,.. and so on

o   A range element that asks user to rate the website on a scale of 1 to 10, with name "rating"

o   A text area that asks for additional comments from the user, with name "comment"

o   A submit button

o   Any other HTML5 form features (at least three) that you'd like to put in the form

_____

_____

_____

** **All of your form elements should have a name attribute *****

☐   Test your HTML document on at least three different browsers. Please comment on the difference in testing results.

☐   Submit your document to http://validator.w3.org/ for validation. Is your document passed? If there are any errors that you cannot fix, please put it down here.

☐   Before you submit your file, be sure to check this checklist.

☐   To submit:
